HUBLI EDITION

CHIEF EDITOR & PUBLISHER: P.K.ADUR

APRIL 01, 2007 SUNDAY

PRABHU B. ANGADI WEDS....at last

ARVIND NAGAR: Shri.Prabhu Angadi urf Prabhya has at last got a girl of his height, weight and chest. He was the only 1972 model who was not married and was known as shortest bachelor of the century. Now he is getting married on 26th of April with local girl called Namita. Girl seems to be ok for him as she is not much bothered about his age and she thinks he is very young looking at his height. Actually prabhya looks very young enough to be a big brother of pratham adur (son of prabhu angadi's classmate). The marriage is scheduled at Green garden and angadi family has invited everyone who has tried too hard to find a girl for him. Those who have not tried also can come for the marriage. It will be the biggest event for Lingayat's in hubli-dharwad Muncipal Corporation and all prominent Lingayat leaders are expected to attend this marriage. His parents are very excited as they were really fed up in searching girl for him. Prabhu who manages his livelihood mainly by earning interest and digging interest has earned enough to take care of wife. Though he is not stinking rich but still he stinks, when he eats star-ghutka over vodka. Anyway what really matters is, he is marrying and some one has at last agreed to marry him. Please attend the marriage...with presentation..

Umesh Dushi .. UTTERS..

Krishna Bhavan: Umesh Dushi is the active strike maker of Hubli for all issues without having any portfolio in any organization. He is JCB partner and close friend of prabhu angadi. He has uttered few good words for change towards prabhu angadi for finding a girl. He was more relieved than Prabhu angadi. Umesh is born opposition leader and hence opposes for everything what others do. He is very potential leader of the city and neglects others opinion. He has very good contact with press and presses them for his news. He creates issues and arranges strikes to make news for his press friends. He loves mosques and tombs. He likes instant strikes and good coverage. For every issue he is there to fight and he changes the dimension of the issue once enters into it. Police fears him, politician dears him and true friends bears him. He was not doing anything for his living before he took JCB earthmover. Now he thinks he is moving earth and is expecting some gold stone mine beneath his JCB. He operates JCB from wherever he is and doing some good business with that. Thanks to Kaustubh for helping them with JCB.

Mts.PRASAD Pleased!

MTS Colony: Mr.Prasad known as the only gentleman from MTS Colony and close associative of prabhu angadi has expressed his happiness over the selection of girl for prabhya. He is the one who has accompanied him for seeing so many girls and never got tired of it. He has seen so many girls with him that, if he had been bachelor, he would settled for a girl to himself. He is the real well-wisher of prabhya and true friend for him. Prasad has got good reputation among all the friends though he is from MTS colony and he is married to a MTS colony girl. He sells Manickchand for his livelihood but everybody spits Manickchand when they eat but he swallows. He is the one who keeps Manickchand at some corner of the mouth and drinks liters of Pepsi without touching the Manickchand. What ever may be his taste but he is sincere to prabhya and Manickchand. Very recently he had sailed in Star Libra cruise along with all India Manickchand salesmen between Bombay and Goa. During the course of sailing the few sharks in Arabic Sea have lost their sharp tooth in the process of eating the Manickchand spat by Manickchand sales men from the ship. Now sharks in Arabic sea are no more danger, they have become harmless penguins. Even the sea level has increased by 2 feet due to tons of Manickchand spat in the sea. The color of ocean has turned into brown for few days and was stinking. The oceanic pollution control board is seriously considering taking action if there mouth is not closed with few sachets of Manickchand. Mr Prasad is likely to go to Chennai to do the same before the marriage. Mr. Prasad will be finalizing catering/dresses/pendal/cards etc once he comes from Chennai. Prabhu really gets nervous if Prasad is not around. Prasad's patience is to be appreciated for tolerating prabhu. God bless their friendship even after prabhu's marriage

TRIAL ... TAILOR...TRAILING

Kurdikeri Building: Praveen bagade urf mark tailor who has seen hardly dozen sunrises so far in this year has expressed his happiness about this marriage. He has failed to become gentleman tailor so far in his life and fed up with this he has opened new shop called GENTLE. He is known as trial tailor because once he stitches cloth it is like for trial, afterwards it definitely needs alteration. It has become never ending story and he has become trailing tailor. Very recently he has become father to a very cute girl baby and it seems she also sleeps very sound in daytime like her father. When doctor had asked him before the delivery of his wife whether he would like to have son or daughter, he though it is sun and he refused to have son. So the daughter is born. He hates sunrise to such extent that he will never allow son to arise in the family. Please Kaustubh explain him the difference between son and sun. He is now very busy in getting school uniform orders as he practices every year children clothes first and then stitches the elders. But even then he makes mistakes and few of his friends are going for readymade. Prabhu is likely to get ready-made clothes for the marriage though they are close friends. Both spends good time together with wine and dine in Sindhu and Aradhana hotel. They share each other's feelings and talks about rest of the friends at their level. Praveen is very good in maintaining the friends and God bless his maintenance skill.

KIDDINGKAUSTYA

Deshpande Nagar: Escort JCB grave digger (earth mover) seller Mr.Kaustubh Saunshikar has expressed his shock when he heard this news. Mr.Kaustubh, who has been selling fewer JCB Machines than purchasing for himself, has recently sold a machine to Prabhu angadi and Umesh. He was expecting Prabhu to concentrate on JCB machine rather than finding wife, According to him, wife is more costly to maintain than JCB. When asked about his recent purchase of 3rd machine, he said he can buy another ten and maintain them but it is very difficult to maintain single wife. According to him the only merit of having a wife-machine is, it gives birth to another machine where as JCB does not do so. He has pointed out six major differences between JCB and WIFE, which are as below.

1. Wife needs servicing everyday and breakdown is predicted at least 3 days in a month.
 2. For Wife there is no free service, you have to pay every time from your pocket only.
 3. Wife is the machine, which digs brain and flattens your life.
 4. Wife is the machine for which we have to pay when it works. But JCB earns when it works.
 5. For Wife- installments never end and EMI always increases.
 6. If you sell JCB when you don't want, there are buyers and pay at least half of the price. But for wife...There are no buyers. Even if you pay. Poor Kaustubh struggling to maintain one working wife despite of maintaining three working JCB.
- Kaustubhall the best man.

FINANCE BY
.....HDFC Bank.....

Club Road: As everyone knows that prabhu angadi is the youngest moneylender in the city but for his marriage, he is taking loan from HDFC bank. Bank charges less interest than what prabhu and his father charges for their customers. There is also rumor that if prabhu's father spends money for the marriage from his pocket, he may charge more interest than the bank. So prabhya has decided to knock the door of bank rather than his father's. HDFC bank is more pleased with him as he always deposits his earned interest in this bank only. Like prabhya the bank is also interested in interest rather than principal amount. Prabhya never asks his customer about the principal amount, he only wants monthly interest at the rate of 2 %. God knows what rate he is going to charge for Namita now.

NO INTEREST! ARE U INTERESTED?

M.G.Market: Prabhu Angadi's father has decided not to take interest from any customers for one month on the occasion of his last son's marriage. He says that he is waving off the interest in good interest of business. According to him business will not be affected due to wave off as prabhu has hardly collected interest before the marriage, as he was busy in seeing the girls and hence one more month of non-collection of interest will not be a problem. More over his father has also decided not to collect interest for the fresh loan seekers in the month of marriage. Singh and Jabin have already applied for the loan.

Farmers commit suicide

Varoor: Two farmers have committed suicide other day in a nearby village of varoor. According to sources they were burdened by government loan and to clear that they have taken loan from prabhu angadi. Interest of prabhu Angadi's loan was so high that they sold everything just to clear the interest amount. The principal loan amount has remained as it is. But suddenly finance minister yediyurappa has announced that they are going to wave off the government loan for the farmers. With this shocking news farmers went and requested prabhu angadi to wave off the loan as already they have sold out everything to give only interest. But prabhu was not interested and hence the farmers have decided to commit suicide. According to prabhu Yediyurappa is responsible for the suicide as he has waved off the loan.

Mallikarjun Mama Mourns

Sagar: The whole of Sagar city was shocked when the news of Prabhu Angadi's marriage was announced. Sagar is the place where prabhya's sister stays after marriage and he visits his mallikarjun mama (his sister's husband) very frequently and mallikarjun mama also has tried hard to find a suitable girl for him but some how he could not get a girl of his height & ultimately Hubli girl got selected. But the Mallikarjun mama seems to be annoyed with prabhu for not selecting the girl from Sagar side. But now the things have cooled down as prabhu has visited half dozen times to Sagar to please him. Prabhu always gives high priority to Sagar people and spends more money and energy for them. He makes every decision with the consent of his sister and mama. Except the girl selection, Sagar people will now make rest of the marriage decision. They are very rich and good people. Their hospitality is so good that prabhya wants to stay there always. At present they are getting high quality respect from prabhu but it would be interesting to watch whether prabhu will have same interest in Sagar people once he gets married.

Anand Chanda- worry?

Commissioner office: The gatekeeper to police commissioner office, policeman Anand Chandavari is one of the oldest friends of Prabhu Angadi. He was also very glad when prabhu got engaged but later on he started worrying about prabhu too much. This policeman does not like prabhu talking too much with his fiancée and he advises him not to become too close to her. He was pissed mainly because prabhu has stopped calling him when he gives the miss call but where as prabhu is attending only namita's miss calls. Anya even started giving miss calls from different STD and expected prabhu to call back to those numbers. Anand is true friend of prabhu and he attends every party, which is given by anybody. And drinks whatever drink you offer him without hesitation and listens to every bodies nonsense because he is policeman.

Sandy Delivered

Srinagar: Good news! Sandeep joshi has delivered a girl baby ... I mean his wife who was carrying since last nine months has at last delivered. Sandeep joshi – who sings like a saigal, got married bagalkot girl last year and was expecting baby in this year. It was not unexpected looking at his past experience. Previously he was working for Karnataka bank in Bangalore and now he is working for HDFC bank in Hubli. He has been delivering cheques and D.D to his customers so far and now it is his wife's turn to deliver. When asked about how do you feel the newly born baby said she does not wanted to miss the prabhu uncle's marriage and hence she is here to enjoy the marriage. This will be the first marriage she is attending after her birth. She missed her parent's marriage by few months. Any way prabhu is happy to have one more guest. God bless the child.

NERVOUS
NATHU!

Arvind Nagar: Prashant Nathu is really nervous to hear this news. He has recently completed his journalism course and he is looking for job opportunity. His worry is, he can talk English, walk English and eat English but can't write in English. And that is the reason he is yet to get job. If his oral knowledge would have been considered, he would have been journalist long before subhas hugar. But to become journalist one has to write and to write one has to sit. But he can't sit; he simply rolls when he tries to sit. Poor FAT boy. But nathu has not yet forgotten his desire for fast food of stay-week in bengeri. He was admitted in bengeri for rehabilitation, not that he drinks too much but for the fact that he eats too much. Off late he is called as Bean Bag as one really feels comfortable when hugs him. God bless the girl who marries him.

MARUTI STUDIO
Contact for colourless photos
9242130998

MARUTI- PHOTOGRAPHER

Veerapur Oni: Maruti -The photographer who was working as a part time photographer in Vijay Karnataka has become famous and costliest photographer in Hubli now. He started his career with black and white Kodak KB-100 camera and now he owns 60 thousand worth digital camera. He has earned so much money in short time with help of customers like prabhu angadi & friends. During hiss free time he used to take photos of prabhu and his sisters family. Later on used to charge him heavily. Poor black & white prabhu in excitement of seeing the color photos paid him whatever he has charged. Girls have actually liked prabhu when they saw his color photo taken by maruti but later when they saw his colorless face they rejected him. This is also one of the reasons why marriage got delayed. No doubt he is a very good photographer but he is very costly. Now he is an official photographer of this marriage and he is going to charge prabhu royally. But that does not make any difference to prabhya, as he will be totally discharged once the marriage is over. He himself needs charger after marriage. Maruti is having lifetime event. God-illuminate his photos

From desk to dust bin...

EDITORIAL BY PRASHANT K.ADUR

It's my fifth edition in last 6 years and I hope this is the last one. Very few mature people appreciated the contents of the last four. I don't give any damn about what others think. I do what I feel like and enjoy what I do. That is what I consider is true freedom and sheer happiness.

I dedicate this edition to our true friend **Premnath Shindhe** who is not with us anymore. We all miss him in every walk of our life. I would start this editorial by remembering our beloved friend.

PREMNATH M.SHINDHE
17 Oct 1973 - 11 Mar 2004

he lived his life with full of ecstasy
and left his family and friends in agony,

death surprised him one fine morning
and left all of us for mourning

We, the friends...

What are friends? A single soul dwelling in many bodies...Aristotle

Friend represents a world in us, a world possibly not born until friends arrive, and it is only by this meeting that a new world is born. Who finds a faithful friend, finds a treasure. Friend is the man who knows all about you, and still likes you.

This editorial is especially on the topic of friends. Though the occasion is of marriage I have chosen the topic of friends and friendship, mainly because most of our friends have spent more than ten years with each other and we are still friends and growing as friends even stronger. We have been associated with each other right from our college days, when we hardly had any clear idea of what we would be after ten years. We have all achieved success to a certain extent in our individual field with whatever the resources, intelligence and potential we had. Remember, no man is a failure who has friends. And we, the friends are proud of what we are today. We might have not achieved collectively but individually we have reached our milestones with support of each other.

I also take this opportunity to thank all my friends who have helped me when I was going thru' bad phase of life. Their support either it is moral or economical, will always be remembered and appreciated. My friends are my strength; otherwise you know how weak I am. And they are my true assets and my life is indebted to my friends forever.

I wish and pray that let us remain as friends for at least lifetime. Remember, known enemy is better than unknown friend and you are my known friend...you know my flaws and I know yours.. Still we are friends and that is our strength. We are too old to make new friends now, so you remain as a friend.

Don't walk in front of me, I may not follow.
Don't walk behind me, I may not lead.
Just walk beside me and be my friend.

A GIRL WORTH million

Algundagi Oni: According some sources this girl – Namita is worth around 0.1 million i.e. lakh rupees for prabhu. The reason being, prabhya has spent that much money in finding a girl for himself in last 8 years. He had 10 leading agents booked for him to find a girl in the entire north Karnataka and two traveling agencies with tata Indica and sumo all the time to take prabhu and his friends to see the girls. But nothing mattered for years and the process went on. Agents became rich and travel agencies purchased new vehicles but prabhu did not get a single girl. Even some astrologers became rich by frequently matching the horoscope but they could not match a single girl for him. It was fun for his friends. But prabhya has paid every bill with the hope that he will get a girl. He traveled more than any pharmaceutical manager would travel and always returned with no result. Due to excess traveling he had back pain and doctors became rich later on to cure his back pain. From consultant to homeopathic doctor everybody enjoyed his back pain but poor prabhu suffered a lot. He changed agents and astrologers so many times but the result was same. His parents were always co-operative and they never had any demands, even then it was very difficult for him to find a girl. In some cases it was his age factor and in some cases it was height factor. You see how difficult it is when you are grown up and your height is not grown up. Poor prabhya spent lot to find a girl and at last he found a girl in Hubli only but remember with the help of agent and astrologer only.

6 mega-PIXEL WEDDING

Flash Point: Prabhu Angadi at last fed up with the costly rates of maruti studio has purchased himself a 6-mega pixel digital camera. He is insisting that this camera should take all the marriage photos and maruti should be only camera operator not a photographer. In recent days prabhu has used camera whenever he sees any thing worth taking photo. It might be stone, road, plants, trees, monkey or namita. He mainly operates in night modes and he has deleted more photos than he has taken. He does not know how to download in PC; in fact he does not know what is PC. He can't copy photos into CD. Hence the photos, which he has taken in his camera, are just to view and delete. Actually he has paid 15000 Rs for the camera, which is very cheap compared to the yearly bill of 25000 Rs of Maruti studio. Maruti used to take prabhu to any nearby garden whenever he is free and take his photos. There is also a rumor that prabhu's marriage got delayed because some girls rejected him after seeing maruti's photos.

JCB FINDS A GIRL?

Bhairikoppa: Prabhu is actually stinking rich and they are moneylenders from the ages. They believe in the liquid cash and could not make any assets in rotating the cash. They lend money to farmers more than any government institution does. That is one of the reason our honorable finance minister has declared that he is waving off the loan amount in order to attract farmers and take them away from prabhu angadi. Prabhu angadi and his family does not own a single gunta of agricultural land but they have 1000 acres of land in their possession which they have kept as security (on lease) for the loan amount from the farmers. These two factors of not having own house and agricultural land were hindrance in finding a girl. Girl's parents were interested in assets. But later when prabhu purchased JCB in association with Umesh Dushi things got changed. Wherever he went he said he is maintaining JCB and this factor built confidence in girl's parents. They thought the boy who can maintain JCB can definitely maintain their daughter and hence he could get a girl at last. So the credit should go to JCB for finding a girl for him.

No HDMC water?

Water Board: HDMC-Water board has decided not to release water for Arvindnagar on 25th and 26th April due to this marriage event. According to the officials it is heard that, the request is in fact made by prabhu's brother basu for not to release water on those days. Prabhu's mother is very much found of HDMC water and when the corporation water comes once in a week it is celebration time for his mother. And on the day when water comes she does not allow even prabhu to go anywhere until all the cups and saucers are filled with water. Now the family members worry that she may even miss her son's marriage if water comes on that day and even may not allow prabhu also to go to marriage. So they have requested not to release water on those days. But whole of Arvindnagar has to suffer due to this and most of the locality people will attend the marriage without bath on the day of the marriage. But that does not matter as deodorant spray is arranged at the main gate of marriage hall and hence any one can come without bath. Hugar & Praveen were very happy to hear this.

JCB at SPARES COST?

Deshpande Nagar: You know how Kaustubh saunshikar got his 3rd JCB? Very simple. He sold one machine to Prabhu and Dushi; he got his commission on that machine as usual. Later on whenever there was breakdown of machine, prabhu has to purchase spares from Kaustubh only, as per the terms. From tire to hoist pipe and operator to helper everything was arranged by Kaustubh and prabhu is glad for the same. But the amount of spares was so high that Kaustubh made arrangement of marginal money for another machine in that spares commission. Now Kaustubh owns another machine and he has kept this information secret. Even uday patil does not know about it and now Kaustubh owns more machine than uday patil and he is also planning for one more machine of worth 48 lakhs. For him it is like Sell one and buy one- dealing. No doubt Kaustubh works very hard and he is ambitious but the spares selling business is making money for Kaustubh and his company.

HEBBALLI ...heads!

Medar Oni: Subhas Hebballi another moneylender who used to lend the money by taking money from big money lenders like prabhu has expressed his happiness over this marriage. He says it is high time that prabhu would have been married. According to him having wife is like having glass of wine, you will always have urge to have one more. That is the reason hebballi got married once again and he is enjoying his newly married life once again. Now he heads among all the friends with two official marriages. Rests of the friends are suffering to maintain one wife and are not as lucky as Hebballi

PETKAR peth se hai....

Priyadarshini Colony: Vishnu petkar another short pitch spearheads of the city and classmate of prabhu angadi is expecting baby at any moment from now. Doctors have advised him not travel much and not to meet his old friends and hence he is not in touch with any of his friends after his marriage. Till his marriage he wanted his all friends for his support and everybody helped him but after marriage he has suddenly stopped seeing his friends. He is married to a local accountant and now she is keeping his account very tight. As she is too busy to conceive, petkar is carrying in order to help his wife. He will not be seeing his friends till his delivery.

HUMPTY HUGAR- summoned

Bangalore: Off late hugar is visiting Hubli at least once in a month and meeting at least praveen whenever he comes. Though as usual he does not call any body when he comes and if you meet him accidentally, he talks to you like a fast friend. He is not coming to Hubli with desire to meet his friends and parents. Actually he is summoned by Belgaum court to attend some old case which is pending since he was in Vijay Karnataka. So on the way to Belgaum he visits Hubli and expenses are paid by police who brings him from Bangalore. So government is paying T.A / D.A. Other wise how can you expect him to come and meet his friends at his own cost. Actually he expects the case in Belgaum to continue as long as possible so that he can enjoy visiting Hubli. He was involved in lot of illegal activities when he was in Vijay Karnataka but only one case was registered and his friends in Hubli have solved rest of the cases. Now he is doing fine in Prajavani and enjoying his position there. His specialty is doing politics in journalism. So he is likely to become political bureau chief at the earliest. He knows whose ass to kiss and when he has to kiss. He is very opportunistic and pretends as optimistic. He still has only one son and dares to express his desire for another one in front of his wife. Subhas hugar is classmate of prabhu angadi right from 8th standard. They are of same caste and height but hugar got married when he realized that his height would not grow any further. Prabhu waited another ten years with the hope that his height will grow but it did not. Now prabhu and Hugar's son are of same height. Prabhu is seriously thinking of arranging for summon through Singh to Hugar in order to attend his marriage. Even hugar's wife, who is Brahmin by birth and culture, has also tried sincerely to find a girl for prabhu with her Lingayat connections but she also like others could not get success. Now hugar is expected to attend this marriage with police

Yojna Eventslooses the event

Sutaria Complex: Yojna events, the leading event management company of Hubli-Dharwad has lost this mega event of Prabhu Angadi's marriage. Yojna events has started its new branch of Yojna media recently under which it has started doing advertising agency. The CEO of the company shashwat Pujar wanted to launch **Yojna matrimony** by taking this event but now he is truly disappointed. According to prabhu, Yojna events have been doing mainly corporation events so far & they are good in it, but he feels his wedding is not a corporation event & needs high skill to manage. Dushi, a close friend of shashwat tried to get this project for him but adamant prabhu refused this project. Shashwat has been telling every one that his company is of corporate level but prabhu thought it as a corporation level company because he does not understand the difference between corporate & corporation. So he does not want a corporation level company to do his wedding arrangements. And more over Yojna events is very costly event Management Company & you have to make another charity event to raise fund to clear their bill. Prabhu who has already spent too much in searching a girl, does not want to spend much for this marriage. Hence the launching of Yojna Matrimony is postponed & probably it will be launched for its CEO Shashwat's marriage.

GUN MEN SECURITY

Torvi-Hakkal: Gunmen security is provided, not for Prabhu but for Umesh & Singh. In fact they were glad to hear this news. According to sources it is said that, this was discussed in vidhansoudha & police have decided to provide gunmen security for these two, as these two are prominent Hindu leaders & it is required for them in order to keep the communal harmony in the city. Both of them were excited with the news. But some sources in the police department also say that, police department is fed up with these two guys for their frequent strikes & clashes with corporation officers. Now if these two carry out any further irritating strikes, police have decided not to arrest them but to shoot them at sight. So the sharp shooters are disguised in the form of security gunmen & they will be always with Singh & Umesh. Few months before, Singh had threatening call from some local guy and guy was arrested but for Umesh no one will take pain of making call, they will kill him directly. So it is time for both of them to be more careful now, as they will be having sharp shooter with them always.

Ghorpade misses all the fun

Gadag: The former personal secretary to present Member of Parliament, Shri Sudhir Singh Ghorpade is missing all this fun due to his leg injury and he is taking rest in gadag. He was traveling in a local city bus in Dharwad when he heard the prabhu's marriage news. He got so excited that he jumped from a running bus and injured his leg. When he was in Hubli he was very close associative of prabhu and they have spent lot of time together in M.P Office. During those days it was also known as U.P office as Umesh and Prabhu used to be there everyday. Ghorpade -a nice gentleman with army background, had a very good relation with everyone (better than M.P). Now Ghorpade will be missing this mega event but he is in touch with Prabhu and advising him that marrying a girl is also like jumping from a running bus, luck depends on where you fall. But it is inevitable; prabhu is not only dying to jump from the running bus but he is also trying to catch the running train.

Rotten Raikar Ruined...!

Club Canteen: Yet another classmate of prabhu with same height - manjunath raikar has expressed his happiness on this event. He says prabhu should have been married long back and by this time he should have been father to two or three kids. Manjunath raikar a Konkani -who is blessed with girl child few years before is saving everything for his daughter marriage. He spent so much for his undergarments, shaving kit etc during his marriage that, he is still using the same pair of undergarments since then along with his four brothers and a father. They brought first shaving blade after 2 years of his marriage. That means they used one Gillette mach3 blade for 2 years. Even two pairs of jockey undergarments are used between five brothers and a father for more than 3 years. Thank god his brothers are not married, otherwise they should have shared contraceptives also. It is height of cleanliness. Manjunath raikar who celebrated his daughter's first birthday few months before said he is pleased with daughter, as there were no female children in the family. When Prabhu asked him about his first night experience Raikar told that he is a man of words not of deeds and hence he only discussed with his wife consecutively for three nights and then the practical took place. Raikar is science student and he knows that theory is more difficult than practical so he only discussed first few nights with his wife and then did the practical. Prabhu is really worried and he has started talking now itself so that first night he can directly attend practical. Now Prabhu speaks not less than 3 hours every day and night with namita. He is theoretically very expert now and he is waiting for practical.

MARK TAILOR

GENTS LADIES TYPE DESIGNER

@ KURDIKERI BUILDING
NEAR PADMA TALKIES -HUBLI

Pole ad- invitation

Kusugal Road: Prabhu has decided to use the pole ad boards of Kusugal road as invitation cards. His friend Singh has constructed this road divider (median) with bunch of partners and pole ads are not sold so far due to high rates and hence he is utilizing these boards as marriage invitation. Even he is planning to use gokul road pole ads also as his marriage is scheduled in gokul road. Local TV channel will do the telecast of the marriage till night and after that it will be live on FTV's mid night hot. All marriage ads will be given to Drishti Enterprises, which is also owned by Subhas Singh. Flex banners will be designed by Hemant Hegde and will be tied on the main roads of Hubli by Mahendra Kautal. Ganvari Brothers will be the official printers of the marriage card. Santosh Chavhan - the corporator candidate of Gokul road area is expected to attend the marriage to beg votes for the coming election. Prominent leaders of BJP like M.P and Revenue Minister are expected to attend the marriage.

Fiancée's free talk

Srinath Complex: BSNL has come out with new scheme called as fiancée free talk time in which you can talk to your fiancée at any time on mobile at free of cost. Even picture messages and MMS are also absolutely free. You have to register your fiancée number at BSNL office and avail the scheme. This scheme is basically launched to help prabhu and namita. He is taking the benefit of the scheme by talking whenever possible. This is applicable only for pre-paid connections. Now Umesh Dushi is also seriously considering having one fiancée for availing the scheme. This scheme is not valid for married people and Singh is disappointed.

Shastrimath expected

Manipal Center: prabhudev Shastrimath, old friend of Prabhya who is well settled in Bangalore and working for Udayvani is expected to attend this marriage. He is married long back and it seems he has a son but he is yet to disclose this to his Hubli friends. He is married to another journalist and it seems they are quarrelling every day for a column. Though they can't write in a single column, but still they are staying under the same roof made up of four columns. He is hardly in touch with any of his friends in Hubli but prabhu has invited him for the marriage with hope that everybody will see his fucking face before they forget it.

GOLD RATES.... to hike, SENSEX ...to correct

Durgad Bail /Dalal Street: Gold rates are likely to increase due to this marriage as prabhu is expected to purchase more than 500 gms of gold. This is the last marriage and hence his father has decided to celebrate it royally. Prabhu is expected to wear all sorts of ornaments on that day except mangalasootra. Gold ornaments looks rich on him as he has dark color skin. According to some sources he never had any of his own ornaments so far. Whatever he was wearing so far was belonging to his customers who have taken loan from him and kept these ornaments as security or on lease. This is first chance that Prabhu is wearing his own gold ornaments. Sensex is correcting heavily due to global cues and selling pressure by local institutions. Prabhu has instructed his fund manager Prakash Raikar to sell all the holdings and even mutual funds in order to raise the fund for his marriage. Due to this sensex is likely to correct even further till the marriage is over. Once prabhu starts investing in market from the cash he collects as gift, market may pick up. Initially he was thinking of opening an IPO for collecting the funds for the marriage but Kaustubh explained him that IPO can't be opened for this kind of event but suggested him to go for NFO (New Fund Offer). But prabhu has decided to issue SIP (Systematic Investment Plan) coupons in his name to all the friends and they have to invest as a gift to prabhu. Once the market is up prabhu will convert those SIP into SWP (Systematic Withdrawal Plan) and will enjoy the amount. And more over food will not be served to those who do not have DEMAT ACCOUNT.

SUBHAS - SINGH...SIGHS!

Akshay Park: The non-practicing LLM- lawyer, Self-advertising Advertisement agent, unrealistic Real estate agent and a corporation level contractor who has constructed speed breaker type road median- Mr.Subhas Singh Jamadar has sighed heavily when he heard this news. It came as surprise to him as he was of the opinion that prabhya would never select a girl and even if he selects a girl, a girl would reject him. Though it has happened a couple of times before, when prabhya has selected a girl but girl family has refused prabhya. It is mainly because girl's father always thought prabhya is yet to grow (looking at his height) and so they decided to wait for some time till he grows. Singh also tried couple of times to find a girl for him but thank got it did not materialize otherwise prabhya's married life would have been indebted to Singh forever. The issue of prabhya searching a girl was talk of the town for Singh and his friends for years. He always criticized him for his laziness and lack of making decision fast, which is very true. Prabhu has actually missed some good girls (now they are mother of two children) because of his laziness. He was so lazy in taking decision for any girl that, by the time he decides to marry her, the girl is married to someone else. Even there is rumor that prabhu had actually seen Namita's elder sister few years before and he had gone very recently to say-yes to her but by that time she was married (she has 3 children now). It was then he saw this little girl accidentally and decided to marry her in place of her elder sister. That is how he got this girl. If he had delayed any further in taking decision, he would have married her elder sister's daughter. Is not it?..... Please don't tell this to Namita and her sister.

Second hand SHAMIYANA

Green Garden: Prabhu is using second hand shamiyana for his marriage. Can you believe this? But it is true. On 24th at the same venue Ritti family is arranging Marriage reception. And all the decoration, lighting and flower arrangements will be carry forwarded for the next two days for his marriage. The Pandal contractor has agreed and he is charging half of the original rate. Even Ritti family does not mind it. But prabhu has asked contractor to change the names and flowers on the wedding day. Contractor may change the names but flowers? Doubtful. So when you see grand decoration and stage while entering the marriage hall, don't get excited. It is all second hand. When prabhu has so much money why should he do like this? But when asked about this, he said he has already spent more money in finding a girl and hence he is reducing the cost as much as possible. The engagement will be on 25th evening and generator will be used for lighting the garden. Actually he wanted to go for engagement without lighting but Prasad suggested him that let the lights be used as Ritti family is sharing the generator cost also. There will be one lord ganapthi idol in front of the stage & every body should pray and put 100 Rs and then see the couples. If you present gifts only prabhu and ignore ganapthi, lord ganapthi may mind it. The collected amount of ganapthi will be used for paying the pendal charges and remaining amount will be used for catering. So please do put some more money in front of lord ganapthi.

TADKA, VODTKA AND GUTKA !

Royal Palace: Everybody had plenty of parties from Prabhu. He has given party for every reason you have asked for. He has given party whenever he has seen a girl, whether the girl liked him or not, that does not matter. He has given at least one bachelor party every year with the hope that before the next party he will get a girl. He has celebrated birthday every year and he has given a party for that. His mama comes from Sagar and he gives the party. There were no reasons for giving party. And he has always invited everyone for the party including those who have never given party to anyone. Especially Singh and Kaustubh, who attend and force others for party, have not given party to any body for any reason. Both had good reasons for throwing party but never used this opportunity. Kaustubh was not so before marriage but after marrying Konkani girl and giving birth to another Konkani girl, he is saving everything for his wife, daughter and JCB. But he spends when occasion calls for, may not be as a party. But Singh who is making good money and eats pure non-veg in others party has never given party. Probably he might also be saving for his daughter. For every party, vodka is official drink and once Singh joins, he will order some tadka (spice items) non-veg item in order to match the bill of alcohol, as he does not drink. And once the party ends it is followed by gutka. These items are official for any party. Praveen bagade takes all the three. Singh takes only tadka, Mts Prasad takes only Gutka and Kaustubh takes only Vodka. It does not matter who gives the party and why, but it certainly gives the opportunity for everyone of to meet. So let us PARTY.

L.I.C. SACKS AGENCY!

Lamington Road Branch: Life Insurance Corporation of India has sacked Prabhu's agency with effective from March 14, 2007. Most of us were not aware that he was LIC agent also. He failed miserably as LIC agent, as he could not get minimum required policies. He started doing LIC agency with hope that he will get girl considering his agency but that also did not help him. People started giving him only children policy looking at his height. Some policies he has made are being paid by him only in order to retain the agency but how long he can pay from his pocket and remain as agent? Interestingly his own policies are already lapsed due to non-payment of premium. At last LIC has decided to take back his agency and relieve him from the burden. There is also a rumor that he used to give loan to public keeping LIC policy bonds as security and he used to charge 3 % monthly interest on the loan amount. Once the party becomes defaulter he used to surrender the policy and take the money from LIC. By doing this LIC was loosing the customer and customer was loosing policy amount. Only prabhu gained from this transaction. LIC managers at last noticed this fact and they have sacked his agency and have requested him not to give loan on LIC bonds. Prabhu has agreed and he has changed his plan now. He is giving the loan to his customer and asking them to take one MONEY PLUS policy in his name for the loan amount making his wife as nominee. LIC is also happy as they are getting new policies. But prabhu has not forgotten the interest. He is charging them just 3 % per month.

Tennis ball player ...prepares for Leather ball

West Indies: The half pitch player and mostly the captain of all winning games prabhu angadi is preparing for the full pitch games after marriage. He is very good half pitch player and cross bat batsman. If the ball touches his bat, ball disappears for six. His fielding is shabby and running between the wickets is better than Yuvrajsingh. Some times Yorker delivery of Singh becomes bouncer for him and if the real bouncer is bowled he looks at it like watching star on the sky.

His height is so short that when he bowls, his fastest ball does not reaches the batsman end. He enjoys beach cricket and jungle cricket. When he plays jungle cricket he behaves like jungle and while on the beach he takes catches like catching fish in the sea. If gets out for the first ball, it is not out and if the ball touches the handle of the bat and is caught.... that is also not out. According to him handle is not a part of the bat. Whatever he says is right and games should end with his team winning otherwise he will make you to play one more game. No matter where you are and how tired you are. So remember please do not defeat him, it is for your betterment only. But one more interesting factor is, he has been playing cricket so far with the tennis ball but after marriage he has to play with leather ball and with guards, pads and helmet on. Already he has ordered for guards and pads of his size.. Kaustubh has given him old JCB yellow helmet. So prabhu should practice with leather ball now, which he is doing regularly once or twice in a week in Neersagar and Nuggikeri. We hope he has done a good net practice and now after marriage, once he starts full pitch games with leather ball, it is interesting to watch whether he still wants only to bat or would he like to hold a ball for while. Come on prabhu.... BUCK UP, BUCK UP.....Catch the ball. Take it...easy. easy ..man.

GOLDEN HILL LOCK after WED-LOCK

Anchatgeri: Prabhu is likely to book 60 x 40 site in anchatgeti village under golden hill Lock Company. Actually company people have suggested him to book 30x40 sites looking at his height. Prabhu who owns land in city since last 20 years could not construct a home and now he is planning to own a land out of the city. God knows when he will construct a house there. Prabhu is booking a site there because Prasad is booking and prabhu can't live without having Prasad as a neighbor. And prabhu has plan of expanding his interest market in other places and hence now people in Anchatgeti also can avail loan from him. Praveen and Kaustubh also have booked 3 sites, one in their name, second one on their wife name and third one? Guess. No.... not on daughter's name...keep guessing.

CHILDISH PRABHU BATTLED FOR WIFE

Tailor’s shop: Prabhu angadi is very childish in nature though his age is very matured. Not only his height has not grown but his mind also has stopped growing after his high school days. He still talks like child and some times acts like child. His friends are already parents and hence they take care of prabhu and they don’t mind his childishness. He is not serious about anything and anybody. He does not keep any commitment. He does not have time sense and the importance of work. He may miss deals of worth lakhs if corporation water comes at home. And when his Sagar mama comes, he dedicates himself to him and forgets rest of the world. And he goes to Sagar with his mama because Sagar mama feels boring while driving back to Sagar and prabhu gives him company. It takes him at least three days to decide whether to go back to Hubli or not. And once he decides, it takes another three – four days to catch bus and reach Hubli. Any important work in Hubli has to wait till he lands from Sagar. He collects his mama’s money from the market if he tells him but forgets to collect his interest money from the customer. He gets bored in depositing the money to bank and hence gives huge amount to his friends just to keep with them till he is free to deposit in bank. His attitude is same in every work either it is money matter or family matter. He does not have time to take his parents to clinic but he will be fighting for some social cause in corporation with Umesh and Singh.

With this attitude he started searching for a girl in the yearly 90’s and got the girl in the year 2006. Initially he was not serious in searching a girl also. He never kept any commitments towards marriage brokers and always delayed in seeing the girls. And even he delayed in deciding the girls. He was looking for some Aishwarya kind of girl and kept on rejecting so many good-looking girls. Once he realized that he couldn’t get such girl, he decided to settle for any available girl. By that time it was very difficult for him to get girl due to age and height factor. He struggled a lot and spent a lot before he could get this girl. He battled for wife more than a patient in ICU battles for his life.

NO BRIBE ...ONLY BRIDE

Divate Oni: Angadi family has decided not to take single paise of dowry from the girl’s family. Though they can get handsome money from them, they have decided not to take anything from their family. It is against their status and reputation. Angadi family does not leave single paise of interest from the party and counts every penny every day. The news of not taking dowry surprised many people but few appreciated their decision. But some sources within the family also say that actually Angadi family was not getting girl for their last son and hence when Namita’s family accepted their alliance, they have decided not to take any dowry as they are getting girl at last. Some sources even say that actually prabhu’s family has paid heavy amount in order to take the girl from that family. The family was really worried as they were not getting a girl for prabhu and age was aging and head was graying day by day. The only thing that was not growing was his height. His mother was too worried. She decided not to eat sweets till her son gets engaged but nothing materialized and at last she decided not to eat even diabetic tablets till her son gets a girl. It was then god opened his eyes and blessed prabhu with wife. Now his mother is very happy and she is eating both sweets and diabetic tablets. Even his sister Avvi is also delighted when the girl was finalized. Avvi is very potential decision maker in the family and without her consent nothing moves in the family. From door mat to Roommate prabhu decides every thing as per his sister’s choice. And the great thing is she does not take disadvantage of this. She is really good and kind. She is very systematic and well planned. Prabhu really gets tensed when she comes to Hubli and will be very busy catering to her children, till she goes back to Sagar.

PRESS FRIENDS... DELIGHTED

Press Club: Prabhu Angadi though he is not much literate had a very good relation with all the press people, who are also hardly literate. They enjoy each other’s company very much. The close one’s among the press friends are Abbas and Manu aiyappa. Abbas got married last year and since then he is disappeared in Burkha. Manu aiyappa is searching for a girl since last one decade. Manu does very good throw bowling with pace. But the way he squeezes the ball while bowling and the way he turns the ball mercilessly while bowling worries girls to marry him. Manu who is working for Times of India is good journalist, but his talent seems to be wasted in Hubli, as all unethical and communist journalists are around him. He got rid off some of them (not Hugar) but still there are plenty. Manu whose mobile number ends with 90120 is very busy in night with these page3 friends enjoying 90-120 vodka in his bachelor quarters. It is not that he takes only 90 or 120 ml but he takes 90 or 120 ml at a sip. He is enjoying his bloody life in Hubli. Actually prabhu enjoys company of all the press reporters as they also like gossiping. Prabhu and company keep on opposing one or the other issues in the city and this fact gives news to the press reporters and hence they keep good relation with Prabhu.

RAIKAR’S COURT CANTEEN

WE SERVE LIKE SUMMONS,
OUR PREPARATION IS AS FAST
AS THE JUDGEMENT AND
WE CHARGE LESSER THAN LAWYER.
OUR QUALITY IS QUANTITY.

Namita not Nervous.....

J.K.School: Namita the fiancée of Prabhu is not at all nervous. She says, she is handling upper kinder garden (UKG) children in a school and hence it would not be much tougher job for her to handle prabhu. She was a teacher in J.K.School, handling nursery classes. She was teaching alphabets, rhymes and stories in the school and she has to continue teaching the same to prabhu once the marriage is over. As prabhu is from Kannada medium his English is as poor as his height. So he is prepared to learn after marriage. It would be like Adult education in the night school. Now in the night prabhu will be singing “ Twinkle..Twinkle little star “ with stinking star in a mouth. Prabhu was never interested in learning. He always believed in earning, hence his education tumbled. He has completed B.A degree with great difficulty and even he has passed English subject in Kannada. Now he has good opportunity to learn English thru’ namita. Some sources also say that she likes kids very much and that is the reason she has accepted prabhu at a first sight. Actually she also looks like a kid and it would be like children marriage on 26th of April. Prabhu has brought a new Samsung mobile for her and they keep pressing the buttons in the night. They talk hours together in the night and hardly sleep. Because of this, she was asked to resign from her J.K.School job as she was dozing in school instead of teaching.

CHEW MANICKCHAND,
TO KEEP YOUR MOUTH SHUT.
SPIT MANICKCHAND ON OTHERS FACE,
TO KEEP THEIR MOUTH SHUT

GENERATION NEXT VERY GLAD

Kids Point: Our next generation is very glad to hear the news of Prabhu uncle getting married. Though they have expressed different opinions when contacted, the general mood is very glad. Some of the kids have quoted about this marriage as below.

Shashank Angadi (son of prabhu’s brother): I am glad that prabhu kaka is marrying at last. Only my mother was working in the family so far, now new kaku also has to work. My mother is relieved. I hope now kaka will also obey the orders of kaku like my father.

Spoorthi Kori (daughter of Prabhu’s sister): We love our mama. He is great mama. And we are very happy. He takes care of us when we come to Hubli. He takes me for shopping and swimming pool. I love photo and prabhu mama takes lot of my photos. He is good so far and we are hoping that he does not change after namita mami comes. We are getting new clothes and we are celebrating.

Sagar Hugar (son of Subhas Hugar): I am happy that prabhu mama got married. I know how difficult it is for a giddu people to get marry. Luckily my father fell in love with my mother, otherwise my father also would have been suffered and I would have never existed.

Prachi Saunshikar (daughter of Kaustubh Saunshikar): I am really happy for prabhu mama. You know my papa got him new JCB and my mother helped him in getting this girl. You know my Amma; she is also teacher like namita aunty. Even my father has 3 JCB you know.

Pari Prasad (daughter of Prasad): Thank god, my mother and me are really happy. U know for everything prabhu uncle wants my father. Can’t he understand that my father is married sales man? U know, how difficult it is for my father to give some time for family and prabhu uncle spoils that also. We are just waiting for this marriage to over so that my father’s burden will be over. I wish at least after marriage he should stop calling my father for everything.

Pratham Adur (son of Prashant Adur): I am happy that prabhya avnoun hussolemaga.... sorry..Sorry.. Prabhu mama is getting married at last. It seems he is my father’s classmate. I don’t know why his marriage is delayed. At first looking at his height I thought he might be son of my father’s friend and I used to call him Anna but later on I realized that he is a friend of my father. Randika....sorry....can’t help it. It is hereditary.

Mansi Jamadar (daughter of Subhas Singh Jamadar): yeah! This is great to hear; some one from my father’s generation is marrying. That’s really great. Prabhu chacha bahut giddu hai lekin achche hai. You know last Sunday we had been to tailor chacha’s house for lunch. He was sleeping even at 2 pm. . It seems tailor chacha sleeps more than his daughter. Tailor chacha bahut sote hai.. He is always sleeping.... But you know, my father wakes up very early in the morning and he goes for RSS shakha. One should be active like my father

Krishna Bagade (daughter of Praveen Bagade): I am really happy for prabhu uncle. He is the first boy whom I have seen just after few hours of my birth and I was glad that he was bachelor. But now I am disappointed.

Corporator Chavhan... Celebrates.

Krishnabhavan: Santosh Chavhan... yes the same Marathi guy who got married to a Brahmin girl last year is thinking of contesting for corporation election. He has some high responsibility in BJP and he will get ticket very easily. He is yet another potential leader of Hubli-Dharwad and he is at par with Dushi and Singh. Problem with Dushi is – he has short temper and Problem with Singh is - he has wide mouth. But Santosh is very smart and selfish. He knows how to get the work from everybody. And please note that without selfish-interest he does not involve in any of the strikes and agitations. He has got very good relation with press and police department and uses that power everywhere. God knows what he does for living but what really matters is he is living. He knows all the bar and hotel owners in the city and recently he has fought for them against corporation laws. Santosh Chavhan has expressed his happiness over selection of girl for prabhu. He calls prabhu as Anna and now he is in a mood of celebration. And he is eagerly waiting for bachelor party. He also attends every party like Singh but does not gives party to any body. Shashwat says that the Nathu’s mind is behind all the activities done by Santosh. That may be true also, but it would be very heavy for Santosh to carry Nathu’s mind. Both of these have done lot of politics in organization where they were before. They were very irritating but yet inevitable part of the organization. Now Chavhan has every chance of getting ticket of corporation election as he is always behind the ministers and Member of Parliament. He has all the qualification that is required for being politician and he has godfather in Bangalore. He should get the ticket, as he deserves it. He will be starting his election campaign on the marriage day and on the same stage as the marriage hall lies in the same constituency. So please vote and elect Santosh Chavhan of BJP.

Miss - CALL - Girl

BSNL office: Namita is off late called as miss call girl as she gives miss calls to prabhu whenever she feels like talking to him. And prabhu very sincerely calls her back irrespective of where he is and with who he is. Once she calls, rest of the world does not matter to prabhu at all. God knows what is there to talk so much but she gives at least a dozen miss calls per day. Even there is rumor that they exchange flying kisses over mobile phone. And when they meet personally on every Wednesday they exchange physical kisses. Prabhu does not send much SMS as he can’t type in English but he only forwards other’s SMS. For prabhu she is an outgoing call and for her he is an incoming call. Both of these delete others calls and only receive each other’s calls.

Worried Wonderful Wives Club...Welcomes!

Gossip Point: Wives club welcomes prabhu’s decision to marry and they are delighted as they are getting one more member. The President and Founder member Mrs.Geeta Hugar has expressed her happiness and she welcomes prabhu’s decision to marry Namita. She said that she feels pity for the short boys and that is the reason she had chosen Subhas Hugar. She understands how difficult it is to find a girl for short boys. According to her Hugar would have remained bachelor if she has not married him. The general secretary Mrs. Rupa Saunshikar said, she is also very glad and she claims that she had very vital role in convincing the girl’s parents and she expects prabhu to be grateful to her for that. Prabhu has accepted this and he is really obliged to Mrs.Saunshikar. Actually he is obliged to everyone including namita for marrying him. Wives club has already prepared to train namita about how to treat husband and how to harass him. Mrs. Prerana Adur is suggesting her to keep her husband lean so that she will not be over loaded in the night by his weight. Mrs. Rupa Singh is teaching her how to keep husbands in total control. These two will also teach her how to maintain slim body even after the first delivery. Presently they are teaching the same to Mrs.Rupa Bagade. Mrs. Shobha Prasad has given her a list of things that should be demanded every week from the husband. Mrs. Anand Chandavari is suggesting her to keep an eye always on husband. According to her they are not trust worthy. She thinks everybody’s husband as police. Mrs.Saunshikar is teaching her how to handle JCB owners at home. According to her these JCB Owners treat their wives also like JCB machine and expects them to work 14 hours a day. She also claims that these husbands spend so much for the JCB Spares but where as for wife and her spares they hardly spend. Mrs.Bagade has advised namita to spray white phenyl in husband’s mouth in the night to avoid the stinking smell of gutka. She says she is glad that her husband sleeps half of the day so his consumption of gutka is less than prabhu. Mrs.Adur and Mrs.Saunshikar have suggested her to take some port wine once in a while as it gives color to the body and purifies the blood. Mrs. Singh and Mrs.Bagade have suggested her to eat non-veg once in a while so that it increases the weight. Namita is so confused with these ideas that she has to reconsider whether to invite these wives for the marriage or not. She is a decent girl and she treats vodka and water as the same because both are colorless. These wives will spoil her once she joins their club. God save her from these always worried, wonderful wives.
